Dear Parent/Caregiver:

Personal Electronic Devices, including items like cells phones, smart watches, tablets, personal gaming devices, and Bluetooth headphones, are not permitted during the school day by students in grades K-8, in accordance with provincial regulations. Personal Electronic Device use is not permitted during class or non-instructional time, unless permitted by a staff member. Students are expected to keep their devices at home, in their lockers, or with their teachers. Students cannot have devices on them during instructional hours.

If the guidelines for acceptable use are not followed, the student will turn their device in, and it will be returned at the end of the school day. If problems persist, the student may lose the privilege of having their device at school. It is important that our students understand appropriate use for personal devices. While we recognize these devices have become a common tool in society, the intent of such technology at school is strictly for learning purposes. For this reason, we have technology available for each student at the school that is used for learning when required for instructional activities.

In the event you need to relay information to your child, our office staff can always be reached by calling the school at (306)763-5217.

Sincerely,

M Thomas

Mrs. Michelle Thomas
